PURPOSE: To approve the attached revised Intergovernmental Agreement for DeKalb County to provide Election Services for the City of Clarkston.

NEED/ IMPACT: Under the provisions of O.C.G.A. 21-2-45(c), the City of Clarkston voted to approve Ordinance 268 on July 1, 2003, which authorized DeKalb County to conduct all city elections held pursuant to the provisions of the Georgia Municipal Elections Code. The City of Clarkston entered into an Intergovernmental Agreement with DeKalb County to define the obligations of the County and the City with respect to the conduct of elections. The attached Intergovernmental Agreement for the Provision of Election Services is revised to give more specific definition of duties and responsibilities of City/County to include the city's responsibility for filing officer duties and to provide a term of agreement date of December 31, 2063.

RECOMMENDATIONS: Staff recommends approval of the attached Intergovernmental Agreement for DeKalb County to provide Election Services for the City of Clarkston.
